RE: Budget Transmittal Letter – Fiscal Year 2025

DATE: December 17, 2024

This transmittal letter summarizes the budget for the various funds of the Village of Melrose Park for the fiscal year that begins January 1, 2025 and ends December 31, 2025.

This budget document was prepared with two major objectives in mind. First, to provide citizens and others interested in the Village's finances complete and understandable information regarding the budget. The second is to develop an annual fiscal plan that will assist Village leaders in making better decisions and enhance financial accountability. The budget was available for public review upon request at the Village's Finance Department.

As a financial plan, the budget document describes all funds subject to budgeting in the fund structure overview section. In addition, all summaries of all major revenues and expenditures are provided in summary tables. Finally, the summary section includes information showing the projected changes in fund balances for all budgeted funds (excluding the fiduciary funds).

General Fund

Revenues. Budgeted revenues within the General Fund are \$67,861,760, a decrease of \$1,094,485 (1.6%) from the prior year's budget. This decrease is mainly due to ARPA funds budgeted in FY 2024 and no longer being available in FY 2025. The amount budgeted in FY 2024 was \$2,942,225 vs none in FY 2025. This was offset by an increase in expected combined Sales Tax of 2,950,000. Another reason for the decrease from the prior year is \$400,000 in utility taxes for natural gas and electric. Property tax receipts are budgeted at \$16,422,500 and they constitute 24.2% of General Fund revenue. The Village has estimated the increase of state revenues using the forecast projections issued by the Illinois Municipal League.

A major source of intergovernmental revenue is state sales taxes. They make up 14.1% of fund revenues and are budgeted at \$9,600,000. Another major source of intergovernmental revenue is state home rule taxes. They are budgeted at \$9,500,000 and make up 14.0% of fund revenues.

Expenditures. The total General Fund expenditure budget is \$67,861,530, an decrease of \$634,200 (0.9%) from the prior year. This is largely due to a \$480,000 decrease the Debt Service needs of the Village principally due to making final payments on a debt note in FY 2024. Additional reasons for the decrease in FY 2025 is due to the budgeted expenses for capital improvements

for road and infrastructure projects being \$1,201,000 lower in the FY 2025. This decrease was partially offset by an increase of \$500,000 in the Sidewalk Improvement Program.

Overall, budgeted General Fund revenues of \$67,861,760 exceed budgeted expenditures of \$67,861,530 by \$230.

Enterprise Fund

The Water and Sewer Fund is an Enterprise Fund indicating that revenues derived from the operation of the utility should fully fund operations. Rates charged to residents are used to pay for all costs associated with providing water, processing wastewater, and to pay for the repair and maintenance of existing infrastructure.

The spending request for the Water and Sewer fund is \$36,157,500 and is funded by operating revenues of \$36,158,000.

Sincerely,

David A. Gonzalez
Finance Director

Fund Structure and Budget Overview

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that compromise its assets, liabilities, reserves, fund equity, revenues and expenditures. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

The Village's governmental funds are as follows:

General Fund – This fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenue Funds – These funds are used for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The Village maintains two major special revenue funds. The Mid-Metro TIF District Fund and the Senior First TIF District Fund are used for the purpose of expenditures within the TIF boundaries. The Village also maintains seven nonmajor special revenue funds.

Debt Service Fund – This fund is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

The Village's proprietary fund include the following:

Enterprise Fund – These funds account for operations for which a fee is charged to external users for goods or services and the activity is (a) financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund. The Water & Sewer Fund accounts for the provision of water and sewer services to the residents of the Village.

The Village's fiduciary funds include the following:

Pension Trust Funds – These funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan. The Firefighters' Pension Fund accounts for the accumulation of resources to be used for disability and retirement payments to employees covered by the plan.

The Village's discretely presented component unit includes the following:

Melrose Park Library – The library is a legally separate organization. The board of the library is separate from that of the Village. However, it is fiscally dependent on the Village for approval of its budget and tax levy and it poses a financial burden on the Village.

Basis of Accounting and Budgeting – The Village of Melrose Park presents governmental funds on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

The Village prepares its budget on a basis consistent with generally accepted accounting principles. The Village Finance Director submits to the Village Board of Trustees a proposed operating budget for the fiscal year commencing the following January 1st. The operating budget includes proposed expenditures and the means of financing them. It is legally enacted on an annual basis through passage of an ordinance. The Village Finance Director is authorized to transfer budgeted amounts between departments within funds, however the Board must approve revisions that alter the total expenditures of any fund.
