Anthony "Tony" Williams

Residents and Property Owners,

Please be advised that the Village of Melrose Park will be conducting water main and service line improvements in your area as part of an ongoing effort to enhance water system reliability, improve service quality, and address aging infrastructure.

**Project Scope:**

The project will include the replacement and/or rehabilitation of existing water mains, installation of new service lines, and associated restoration work such as pavement and landscaping repairs.

**Project Area:**

Work will take place in the vicinity of 25th Avenue between North Avenue and Lake Street.

**Schedule:**

Construction is expected to begin on or about April 27th and continue through June 30th, weather permitting.

**What to Expect:**

- Temporary disruptions to water service may occur. Advance notice will be provided whenever possible.
- Periodic street closures, lane closures, parking restrictions, and detours may be in effect.
- Construction noise and increased activity during working hours.
- Access to homes and businesses will be maintained, although brief interruptions may occur.

**Safety and Cooperation:**

For your safety and the safety of construction crews, please observe all posted signage and avoid restricted work areas. We appreciate your patience and cooperation throughout the duration of this project.

**Contact Information:**

If you have questions or concerns, please contact:  
Michael Carpanzano 708-531-5360 or email at [mc@melrosepark.org](mailto:mc@melrosepark.org)
