

Village of Melrose Park Public Works Report

*From the Desk of
Gary Marine,
Director of Public
Works*

Multi-Purpose Field

A new state-of-the-art, multi-purpose field has been set in place at the Ralph "Babe" Serpico Memorial Field on 25th Avenue. The new diverse field can be used for a foot-ball field, soccer field, unified lacrosse field and a new walking track. The field is now open to the public.

Feeding Wildlife

Attention Winston Park Area Residents – Please refrain from feeding wildlife, especially deer, around the Winston Park area. The food is attracting skunks and raccoons, and they are becoming a nuisance throughout this area.

Attention Residents Along Silver Creek Embankment

Please refrain from throwing grass clippings and any other yard waste into the creek.

25th Avenue Municipal Lot

Under Mayor Serpico's direction, the lot on 25th Avenue and Augusta has been paved and open for free parking to residents. The lot on the northeast corner of 25th and Augusta has been paved for additional free parking for residents. The Civic Center's east and west lots have been repaved as well.

Please follow all street parking restriction signs posted throughout the village.

Please follow rules posted at the park.

Silver Creek Restoration Project

Under the direction of Mayor Ronald M. Serpico, the Village of Melrose Park Public Works employees constructed the Silver Creek Eagles Nest Park. This is a natural preserve that includes a walking path and a pavilion/gazebo, along with a canoe/kayak launch.

**Phase 5 and 6 of the
Silver Creek Stabilization Project have been completed.
Phase 7 is underway.**

This stabilization project restores the natural balance of the creek by restoring the embankment, and bringing back native landscape and shrubbery along with aquatic habitat. This is an invaluable stream system that provides storm water runoff, flood management and many other benefits for the residents of Melrose Park.

Silver Creek Trail Park

The Silver Creek Trail Park is located off of First Avenue. The trail is centered off the pond between Silver Creek and its tributary, the Des Plaines River. Native plants of this area were once lost to development and are now being reintroduced to the area. With the help of these native plants, more wildlife is returning to the area – from the Bald Eagle (sighted in the area), the Northern Pike, Red Foxes, Black-Crowned Night Herons and Cooper's Hawk, to name a few.
